

## REMARKS

This Amendment is submitted preliminary to the issuance of an Office Action in the present application.

Applicant has amended the instant specification to correct an obvious typographic error.

Moreover, applicant submits herewith new Figs. 2 and 3 to show the sliding elements 19b and 19c with correct shading for plastic as material for the sliding elements 19b and 19c, respectively. Support therefore can be found through the specification.

When the Examiner takes this application up for action, s/he is requested to take the foregoing into account.

Respectfully submitted,

By:
